Stuart Oberman, Oberman Law Firm

The bull market and economic expansion that began in March 2009 is beginning to show signs of weakness. What are the major risk factors affecting global economic growth and financial markets? Are there any opportunities still remaining in the stock market? How is the continual acceleration of dental service organizations impacting small business dental practice owners? How can you attract and retain new talent to spur future growth? Join us for a discussion on how you can best position investment portfolio and your business for future growth.
